

Hi All

Wow! It's been a busy month since the first annual Motorhome and Caravan South Island Expo! I trust you all enjoyed yourselves and took the opportunity to do some research on our favourite pastime, I certainly did!

First things first, congratulations to the McLaren family who are taking their complimentary 6 berth hire over the Show weekend! And a big thank-you to everyone who entered the competition at the Expo. In a bit of a surprise win, Jacksons Retreat Motorhome and Campervan Park on the West Coast won our "Best Campervan Holiday Destination" as voted by you! Coming in tied at second was the Caitlins and Fiordland. I called Jacksons Retreat to let them know, and they have offered a 10% discount to anyone who brings this letter in with them, so a big thanks to Jacksons Retreat! I have included their brochure.

With Christmas and Summer "silly" season quickly approaching I assume you are all busy planning that all important getaway break. If you are considering renting a motorhome to test the water, best be quick! Kiwi Campers rentals are almost booked out over Christmas/New Years in the 4 and 6 berth vans, but there is still space in early December and late January/early February. If you are interested, then give Patrick and rentals team a call on 0800 549 444 to check for availability. Remember to mention you are on the Kiwi Sales mailing list for a 10% discount on any rental!

In Christchurch we still have a couple of good specials on vehicles for sale! We have a 2003 Ford Transit 6 berth for \$95,000 which includes the LCD TV and DVD package (the auto-tracking satellite dome is an extra \$3000) We also have one of the 2002 Ford Transit 2 berths with shower & toilet for \$45,000 and I'll throw a Fiamma awning on it for anyone on the mailing list. For more information on these or other vehicles for sale, please contact me on 0800 549 444, or view at www.kiwisales.co.nz, or send an email to nathan.brand@kiwicampers.co.nz.

If anyone is interested in the Porta-Pak toilet chemicals we were showcasing at the Expo, the contact details for them are on the enclosed information sheet. The Bio-Pak is perfect for not only your chemical toilet, but also if you are getting any smells from your grey waste water. You can mix a sachet up in a bucket of water and pour it down your sinkholes in the kitchen and bathroom to help eliminate bad smells and breakdown fatty residues and buildups. And they are 100% biodegradable!

We are trying to implement an "Experts Corner" for the new website (hopefully up and running by December!), so if anyone has anything they are wanting to know how to do, or repair, or install, feel free to drop me a line or an email and let me know what you'd like to see!

Well thats all for now, be sure to drive safe and enjoy yourselves!

Kind Regards and Best Wishes
Nathan Brand and the Team at Kiwi Campers
